PROBUS MONTHLY MEETING
Thursday January 11th 2018, 10 am

SPEAKER
C.J. Calvert "Living an Exceptional Life"

PRESIDENT'S MESSAGE **Mark Scanlan**

Merry Christmas **Mele Kalikimaka**

The Christmas season is not always a joyous time of year for many people, including my wife and me. We have been through some difficult times around this time of year including marriage breakdown, divorce and deaths. I'm sure the Christmas season is the same for many others as well. We have managed to get through it with the love of family and friends.

It's amazing how our lives have been greatly enriched due to the excitement that started in 2010, then again in 2011 and 2013 as our three adorable grandchildren arrived. They bring us so much joy and love and their excitement at Christmas time is very infectious. Although we have enjoyed raising our 5 children and have some very special memories from that time, there is something magical about watching our three little ones. We feel so blessed!

On a recent visit to Pickering Town Centre we were delighted to see the beautiful new castle and all the decorations. Santa had arrived already and we watched many families waiting so their children could have a chat and their picture taken with Santa, in November yet! It certainly gave us a lovely warm feeling and simply brought a smile to our faces.

We wish everyone the joys of the season and all the things that make it so special, the lovely decorations and lights, the baking, the wonderful foods and visits with family and friends.

We are certainly looking forward to the New Year. May we all continue to knock things off our bucket lists. Have a healthy and happy 2018!

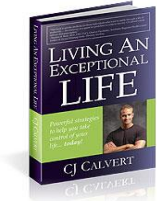

Happy New Year

Happy Hogmanay

The ukulele strummers are enjoying their Christmas music finishing up a terrific year of jamming with a pot luck at Roy and June Boon's on Dec.13th at noon.

WALKING on WEDNESDAYS

Just because the weather is getting cold does not mean that it is time to hibernate. So join us each Wed throughout the winter as we brave the cold and snow (OK, let's be honest, on really bad days we hit the mall to walk) to continue our weekly walks. To find out where we will be walking for 75 minutes (approx.), you need to join our weekly email list. Send me your email address and I will send you one email each week giving you the location for the walk. We try to walk different routes each week and in different parts of the region. No need to commit to coming each week. You just show up whenever you are able. But we are hoping that you will enjoy walking and talking so much that you won't want to miss a week!! So start your New Year's resolutions early this year and come out to walk with our group!!

Bernice Pyke billandbernicepyke@hotmail.com

Shorter Walks – Slower Walks If you find that 75 minutes is too long or the pace is too fast, come out on Wednesday and meet at the specified location and those of us who need a slower, shorter walk will follow along behind at our own pace. We will still get the needed exercise and social chatter.
